Dear Mr. Naar:

At the request of TF Purifiner, I am writing to state our warranty position.

With regard to the TF Purifiner oil filter product, you should make your own decision based on data TF Purifiner and others can give you.

Cummins Engine Company neither approves nor disapproves any product not manufactured or sold by Cummins Engine Company. The use of these products is at the discretion of the end-user, and any problems attributed to these products would not be recognized as a Cummins Engine Company responsibility.

Cummins Engine Company's warranty covers defects in workmanship and/or material as manufactured and sold by Cummins; therefore, any product sold in the marketplace not manufactured by Cummins does not affect our warranty. However, any engine performance problem or failure caused by products not manufactured or sold by Cummins is not considered a warrantable type of failure.

Very truly yours,
