June 26, 2003

Mr. Richard C. Ford, CEO
puraDYN Filter Technologies, Inc.
2017 High Ridge Road
Boynton Beach, FL 33426

Dear Mr. Ford,

This is in reply to your request dated June 26, 2003, requesting a statement of our position regarding the application of warranty when the puraDYN Bypass Oil Filtration System is used in Mack vehicles.

Use of products, which we do not manufacture, sell or recommend with Mack vehicles, does not, in and of itself, void Mack warranty coverage. However, Mack would not be responsible under its warranty for any direct or indirect failure of a component, or other adverse effect on the operation of a vehicle, resulting from the use of such products.

We also advise you that neither the contents of this letter nor the Mack name or trademark are to be used in any manner, which implies Mack endorsement of your product.

Very truly yours,

MACK TRUCKS, INC.

Philippe Santini, Director
Warranty Administration
